We are looking for an afternoon person to log on and to report to us when we get a call. It is not an inbound dialer position, it is a calling center position. We have worked with a number of companies to set up the positions and they have been very successful in the past. I can post more information if interested.SUBJECT:Tape for their eyes? WOMEN IN 'NON-VEGETARIAN' COUNTRIES BBC, Women's Television: Do women in developing countries face discrimination because they eat meat? In the Asian and Middle Eastern countries that make up much of the vast uncounted middle classes of the world, many women still eat meat. Their customs are often quite strange to a western eye, and one of the customs which may be seen as strange to you is that women generally eat their meat without spices. This is true of all butchers' shops, which do not sell spices. Butchers often use red pepper and lemon juice to flavour meat, so that meat is not too strong in taste. According to a study done in 1974 in Indonesia, women were confined to eating their meat at home, and it was often eaten without any spices at all. The women had become so used to eating it without any flavour that they had started to find their meat a bit bland. Saffron had been their main spice during their childhood, but their first taste of meat was unaccompanied by any spices. In another study done in Lebanon, it was found that a change in their dietary habits had forced women to become more social. They went to different countries and learned what people did, and they experimented with their food. They adopted a style of eating that
